

DESTINATION:2030

2020 STRATEGIC PLAN | DECATUR, GEORGIA

Decatur is a city that plans its future by listening to the people who live here — even kids! We do that by creating a Strategic Plan every ten years that details what our city leaders and staff need to be focusing on and how they need to be spending our tax money.

You know what you like about Decatur, and what you don't like! Take a few minutes now to share your thoughts on the following questions:

What is most important to you about your community?

What ideas do you have to make City of Decatur a better community for youth your age?

What have you seen in your neighborhood or other parts of Decatur that you LIKE?

What have you seen in your neighborhood or other parts of Decatur that you DON'T LIKE?

Is there anything else you want the City to know? Please share your thoughts.
